

# Construction Commencement Notice RTS Phase II PSC Case 20-T-0549

New York Transco anticipates beginning Phase II of site preparation and construction of its Rock Tavern to Sugarloaf Project (RTS) on or about **June 6, 2022**.

## Project Description & Route

Phase II of the Project includes:

- (1) The replacement of a 12-mile 115kV electric transmission line in an existing electrical transmission corridor that extends from the existing Rock Tavern Substation in New Windsor to the rebuilt Sugarloaf Substation in Chester;
- (2) The removal of the existing Sugarloaf Switching Station and construction of the rebuilt Sugarloaf Substation at the same location;
- (3) Construction of a 1000-foot 138kV overhead tie line between the rebuilt Sugarloaf Substation and Orange & Rockland's 138kV Switching Station, and
- (4) Minor upgrades at the Rock Tavern Substation.

Details on this work are included in New York Transco's Phase II Environmental Management & Construction Plan (EM&CP), filed with the New York Public Service Commission (PSC) (Case # 20-T-0549).

The map to the right shows the location of the work that will occur as part of the Phase II scope for RTS. More detailed, interactive mapping is available at [www.RTSUpgrade.com](http://www.RTSUpgrade.com)

## Construction Timeline

Construction of Phase II is expected to occur on or about 6/6/2022. Additional notices will be sent to neighboring landowners and municipalities as work advances into a new geographic area.

## Safety is Our Top Priority

For your safety, please stay out of construction sites and laydown yard areas. If you need to speak with someone on the project, please use the contact information to the right. If it is an emergency, please dial 911.
